EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jeffrey C. Maynard on March 1, 2005.

The application has been amended as follows:

In claim 1 line 7, after "computer" insert --, further comprising: an upper mount plate adjustably attached to said base, at least a portion of said plate displaying a curved segment to form an attachment to said computer--.

Cancel claim 5.

In claim 6 line 1, change "5" to --1--.

In claim 7 line 1, change "5" to --1--.

In the specification: In page 2 line 13, after "PCMCIA" insert --(Personal Computer Memory Card International Association)--. In page 4 line 16, change "provides" to --supports--.

The following is an examiner's statement of reasons for allowance: the prior art does not disclose or suggest a cable connector protector for attachment to a computer and having an upper mount plate adjustably attached to the base, and at least a portion of the plate displaying a curved segment to form an attachment to the computer, in combination with the remaining limitations of claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
